TRIVIA BUCKS SHEET SET

Use this play bucks sheet set to play various trivia games with our many different models of money machines. You must also download the Questions/Answers file as well. This file is in Excel format and the questions/answers may be edited by you as needed. Each play buck is marked with a question number from 1 to 150.

Example:

All Money Machines

Fill your machine with up to all 150 trivia bucks (depending on machine capacity). Allow each contestant the same amount of time to grab as many pieces as they can. Award the contestant a prize with each correct answer given to the question that matches the number on the trivia bucks. You may want to designate a "special" bill number to coincide with a "Grand Prize" by creating a question that is very difficult to answer.
