SCRABBLE LETTERS SHEET SET

Use our Scrabble letters sheet set to play various spelling games with our many different models of money machines. Use your imagination to create unique activities for contestants to compete against each other.

Examples:

One Arm Bandit Machine

Spell A Word: Choose a 4 or 5 letter word for your promotion. Ideas would include your company name, promotion name or trade show name. Insert a mix of letters that will allow contestants to have the possibility of grabbing the letters to spell your word. Each contestant would get 10 seconds to grab as many pieces as possible. Having the correct letters to spell your word would win an instant prize or qualify them for a grand prize.

All Money Machines

Scrabble: Fill your machine with one or more complete sets (depending on machine capacity) of Scrabble letters. Allow each contestant the same amount of time to grab as many pieces as they can. Give the contestant 30-60 seconds to spell a word (you may need a dictionary) with their letters. Total each players score from the value of their letters. Your top 1, 2 or 3 scores could be awarded prizes.
